# About Us

- The Cove – Beach Resort & Club, Karachi’s First Beach Resort, is located at Turtle Beach and operates under the umbrella of PALS Outdoors.
- PALS Outdoors is all about providing eco-friendly adventure tourism, events and programs for individuals and corporates across Pakistan.
- PALS Outdoors is a sister concern of PALS Rescue ([www.pals.pk](http://www.pals.pk)), which is a free public service and provides trained lifeguards long the beaches of Karachi – since 2004, PALS Rescue has saved over 8,000+ lives.
- With a fairly large lifeguard infrastructure, PALS Outdoors easily leverages its outdoor presence and provides fun and exciting tours and events to people at large.
- PALS Outdoors employs over 500 people for its tours, events and excursions, from the impoverished communities along the coastal communities of Sind and Baluchistan.
- PALS Outdoors provides a green experience – and also believes and practices a ‘leave no footprint’ approach to tourism.

# Team Zone Challenges

Team Zone Challenges are energetic experience design to break the ice. There will be a series of activities in Levels. The teams have to do every level. The final level will be time taking & tough.

Team Zone Ski

## Team Zone Ski

Four members of the team stand astride one large set of skis and attempt to complete an obstacle course by moving in unison. Communication is key... and one learns fast that 'together we stand and divided we fall'.

## Pen Ball Challenge

The team member have to pick the ball from bottle using the pens and then drop it in the bucket which will few steps away from bottle.

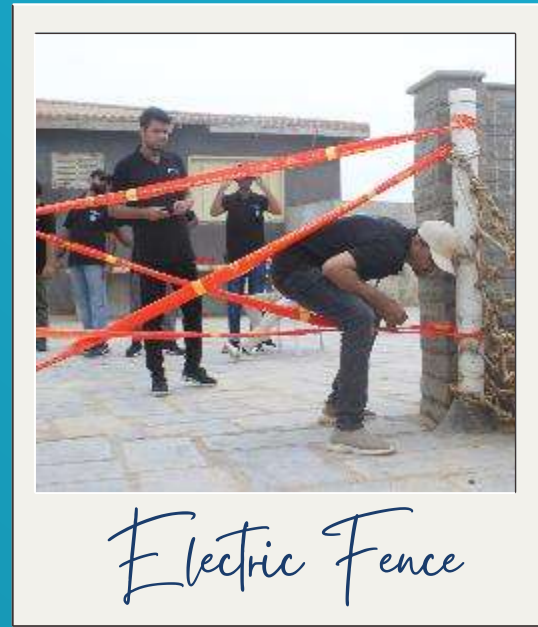

Pen Ball Challenge

River Crossing

## River Crossing

There's a straight path, the team has to assume that they are crossing the river. The team leader will have few round card pieces and he will have to create a path using card piece and walking on it & the team has to follow it. The one in last have to pick the previous card pieces.

Electric Fence

## Electric Fence

The electric fence must not be touched in any way (hair, clothes or skin), it will lead to the disqualification of the team member which will reduce the resources to play the next stages of the game.

## Pipeline

Participants will have one short length of half pipe and challenge the group to deliver a ball down the pipes from the starting point to the finish line. The team will loose if the ball fell down.

Pipeline

The Jam

## The Jam

Traffic Jam is a real, 'Brain Buster' that requires a lot thinking and communication. The group is split in 2, with both sides working together to complete the challenge. Cooperation and planning are essential to complete this task

Hole Trap

## Hole Trap

Participants must navigate the ball around the tarp for the longest possible period without having the ball fall through one of the holes.

## Mine Field

Stepping into the unknown and blindfolded is necessary for any team to grow and move ahead, but how will your team perform?

Mine Field

## Human Knot

A good icebreaker or teambuilding activity for new people to learn to work together – in close physical proximity! The goal is to figure out how to untangle the human knot without letting go of the hands.

Human Knot

Photo Mission

## Photo Mission

Your team have 10 pictures which they must replicate as accurately as possible. This will come down to the zoom, angle and even the shading and light on the object. Exciting and challenging. Involves a great deal of planning and collaboration.

## Skin the Snake

Great fun game, as participants are locked together in a funny posture, and from one team chain which should not be broken. If the chain is broken they have to start again. They have to get back to a comfortable standing position.

Skin The Snake

## Toxic Waste

This is a popular, engaging group initiative activity which always provides rich teamwork. Involves thinking, imagination, action, fantasy, risk and attractive solution. The challenge is to move the toxic waste contents to the "neutralization" container using minimal equipment and maintaining a safe distance within a time limit.

Toxic Waste

Flip It Over

## Flip It Over

A creative game, here a group ask to huddle around and stand on top of a piece of cloth (table size).

The challenge is that they have to flip the tarp, standing on the other side of the cloth. The only condition is that they can only use their feet! They can't get off the fabric or let their feet touch the ground.

Perfect Square

## Perfect Square

Get everyone to stand in a circle while holding the rope. Once the circle is formed,

they can lay the rope on the floor. Each participant then puts on their blindfold, and have them take 5 steps backwards. The task is to work together to form a square while blindfolded.

Water Bucket

## Water Bucket

All team members will engage in playing the game. They have to pass the water using from bucket to bucket. At the end there will be one more bucket. The team fill the bucket in less time will win.

## Tied Together

Make all the participants stand in a circle facing inwards. Ask them to hold out their hands to their sides and tie them with their neighbor's hand. Alternatively, you can also tie ankles. Once everyone is tied up together, present them tasks that they must complete in a set time.

Tied Together

Magic Rope

## Magic Rope

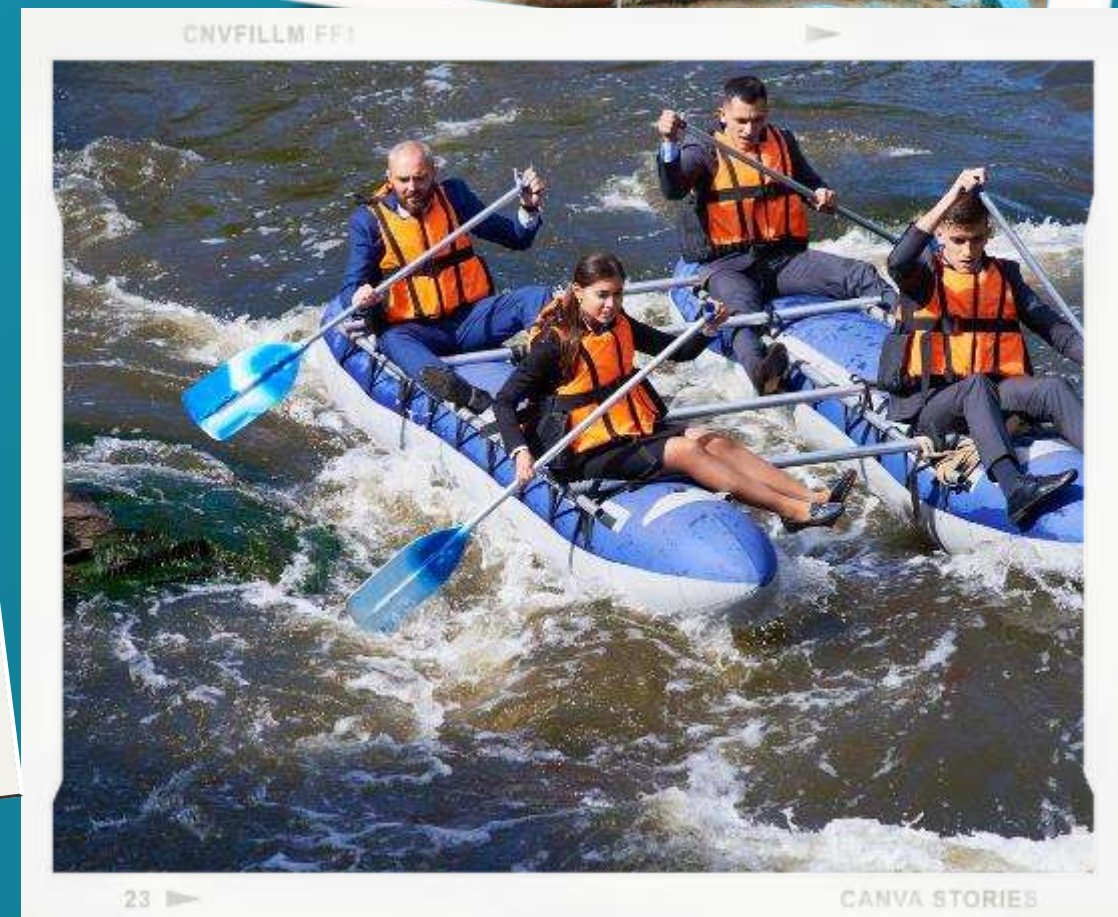

Pairs are connected using the infinite loops, their challenge is to become disconnected from their partner, without removing their hands from the loops or untying the knots.

# Raft & Craft

- Find your resources to build a raft which should be completely operational.
- The team which will craft it in a lesser time with more perfection will win
- Build it, float it with the remaining members and return.
